

ALTAPORT

SCAN THE QR CODE TO GET STARTED!

Altaport is an online payment portal for transient aircraft. Altaport allows for seamless online payment of Landing and parking fees at the Penn Yan Airport.

ALTAPORT SAVES YOU TIME

In the past, customers had to plan their arrivals and departures based on business hours of the FBO to insure they properly paid for parking and, if applicable, landing fees. With Altaport, you are in control and can pay these fees directly online at anytime during your stay in Penn Yan.

ALTAPORT SAVES YOU MONEY

You receive a discount on overnight parking and landing fees paid in Altaport. If you do not pay through Altaport, you will be billed at the regular rate. Rates are contained in this brochure.

Your Airport Landing and Overnight Parking Fees support safety and operations in Penn Yan

When you pay your landing and parking fees, they support airport operations as well as our Airport Safety Management System (SMS). Scan the QR Code below to learn more about our safety programs here at Penn Yan Airport

Fees collected also support airport maintenance including runways, taxiways, snow removal as well as lighting and general maintenance.
